VIA BUILDING MAIL

RE: Ron Stout, et. al., Unpermitted Stone Quarry, M/053/073

The Trust Lands Administration is in receipt of a copy of your notice of Non-Compliance dated June 17, 2002, to Ron Stout, et. al. The mineral estate in the subject lands (T42S, R15W, S20, NENW) is owned by the State of Utah and Administered by the Trust Lands Administration. The surface is privately owned.

The Trust Lands Administration has not issued any permits or leases for the mining or removal of building stone materials from the subject lands. The Trust Lands Administration requests that the Division obtain from Mr. Stout a detailed survey and description of the types and quantities of building stone removed from the lands. Mr. Stout, et. al., should be required to resolve the trespass with the Trust Lands Administration before receiving a DOGM permit. ✓

I look forward to working with your staff in resolving this matter. ✓

Sincerely,

John T. Blake
Mineral Resources Specialist
